NEW ORLEANS.—Messrs. Wharton & Co. are our only authorized agents in New Orleans.

Facts with Freedmen.

now printing blank forms for the freedmen for the ensuing year—will, easily understood, and accurate in such cases provided, and either to stated wages, or where no wages are stated, at the rate of one dollar per week. Sent by mail, at \$1.50 per copy, or 25 cents in advance. These are the cheapest blank forms offered the public, and have been carefully prepared and are printed.

Crane & Hiltzheim's and get the fine Goshen butter. It is the best we have tried it.

Robinson, Stevens & Co., having new attractions to the public, having made a reduction in their very low prices, we look for a large trade during the ensuing weeks. Besides goods for the household, we have a large stock of clothing and groceries and plantation supplies.

In the last few weeks, scarcely a day has passed in which the discharge of a man has not been heard in our city. It is a nuisance, and the parties who are in the city ordinances with such conduct should be held to answer. One would go along our streets at night, that in a state of siege, and that the city pressing the lines. We hope the city will adopt vigorous measures to stop these outrages upon the public order.

System of Elections.

and in a late number of the Journal a lengthy and well written paper from the pen of Dr. J. H. H. of Louisville, in which he reforms in the American system of elections as necessary to secure the rights of the people. He starts with the assertion that the fundamental principle of republican government is the sovereignty of the people, and goes on to show the machine system of elections derived by our imperfectly planned, in the fashion, and has signally failed to give true expression, in all the people's will. The present system is imperfect, he argues, humiliates the rights of the minority and exposes them to oppression as much power to a majority as a majority of one thousand, and thus enables the majority to exercise a mere power of which are often very small, the will of the people. The calamities of the last five years tend to illustrate how our electoral system works, when of 2,813,741 citizens were of the votes of 1,886,452 above and a new sectional revolutionary policy installed in the seat of power by an unscrupulous set of men, before whom a majority of the people are almost entirely ignored as the executive department of the government is concerned, the will is now represented by a handful of Congressmen; while the majority has one hundred and twenty representatives in the lower house, and after devoting considerable time to the evils of our present mode of election, Dr. Buchanan comes to his conclusion. In order that the people properly understand it we will quote:

being entitled in the supposed representatives, each party will have a number. If the Democratic party receive 60,000 votes, and the anti-slavery party, the former would be entitled to six representatives, and the latter to four. How can we arrive at this practically? Simply by enabling the votes of each party shall be counted in the order of their preference, as determined by the party. The ten thousand Democratic votes credited to Mr. A. and shall be counted in the order of their preference, and the election will be decided. In like manner, the votes of the other party will be counted. Thus Messrs. A, B, C and D. Thus the H. J. J. of the radical party, H. J. J. of the Democratic party, defeated, and the election will be decided. The strength of parties will be such that is satisfactory to all.

There shall be no general ticket of the contesting parties, but each shall have its own ticket, placing the names in the order which it prefers, as for third choice. The first choice shall then be removed from the ticket, and the names of the remaining voters, leaving their names to stand as the first, &c.

Dr. Buchanan thinks, will be satisfied from being juggled with lights or deprived of their rights. Each principle of legislation. Each principle would be secure in its own right. It may be applied to congressional elections, and to the election of electors for each President and Vice President. The name of any single officer, as Judge, President, this system of election would not be so simple as it would be sufficient to require that a majority of the votes should be necessary, and that if no such majority appears, the choice shall then be made between the two leading candidates.

As soon as restoration is completed and the negro question settled, we may expect this and kindred subjects to come up for consideration. The conviction is gaining ground every day that franchise must be reduced, and some plan devised that will overturn corrupt legislation, patronage, and the political gerrymandering arrangements which so often robs equitable majorities of their rights, and places the balance of power in the hands of shrewd tricksters.

Another Comrade has Fallen.
EDDIE EDMONSON departed this life on Sunday morning, the 24th inst., at the residence of his father, near this city, in the 31st year of his age. A mere youth, frail and delicate, he responded to his country's call and volunteered as a private in the 37th Miss. Regiment. Death had already selected him as its victim, yet unconsciously he fulfilled his duty as a soldier, and by his courteous and pleasing manner and prompt and cheerful obedience to orders, not only endeared himself to his commanding officers, but to all his comrades.

The latter part of the war being two-folded in health to stand the fatigue of the march, rather than abandon the cause he applied for permission to serve as courier, which was granted to him; and whether through the long forest infested with bands of forer or on the battlefield, where the missiles of death flew thick and fast he never wavered, but promptly delivered all orders entrusted to him. He was a faithful watchman on the tower, and often has we heard the clattering hoofs of his "pony" at the dead hour of night, resounding through the forest, would bring us warning of the enemy's approach, or orders to prepare for to-morrow's battle.

As he has gone from us, but his fond parents and friends have the consolation of knowing that his pure spirit is beyond the reach of human ills, and rests from his labors in Heaven.

SPECIAL NOTICES.

A New and Grand Epoch in Medicine.
MR. MAGGIEL is the founder of a new Medical System! The quantitative, whose vast internal doses enable the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent cases with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Magguel's Pills and Salve, have opened the eyes of the public to the inefficiency of the (so-called) remedies of others, and upon which people have so long blindly depended. Magguel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Magguel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Magguel's Salve. In fact, it is here announced that Magguel's Bileous, Dyspeptic and Diarrhoeal Pills cure where all others fail. While for Burns, Scalds, Chills, Blains, Cuts and all abrasions of the skin Magguel's Salve is infallible. Sold by J. MAGGIEL, 11 Pine Street, New York, and all Druggists, at 25 cents per box.

MEMPHIS.

DR. SAMUEL GILBERT'S PREPARATIONS.

DR. SAMUEL GILBERT, so celebrated as having had for the last twenty-five years, in the treatment of

CHRONIC DISEASES.

the most lucrative Medical Practice in the South has at last consented to allow several of his most successful remedies to be prepared and sold as proprietary medicines. This resolution has been engendered by the repeated solicitations of those who have experienced the benefit of his remarkable professional skill, and by the impossibility of giving special attention to each of the written applications made to him for prescriptions by those whose pecuniary circumstances or business habits preclude the possibility of applying in person to him.

THE PUBLIC.

May rest assured that the manufacturers spare neither pains nor expense in the preparation of these remedies. They are made of the very best medicines known in a highly concentrated form, upon strictly scientific principles.

DR. SAMUEL GILBERT'S GENERAL REMEDY.

Acts directly upon the Glands and Mucous Membranes—stimulating them to additional activity in their natural functions of eliminating from the Circulating Fluids the usual Effete (and in disease, Morbid) Matters, and exuding them through the Skin, Kidneys, Liver and Alimentary Canal from the system. It is, therefore, adapted for the relief of chronic diseases affecting the glands, and of the mucous membranes lining them such as

ERUPTIONS, TETTER, ULCERS, SCROFULA, JAUNDICE, GOITRE, CHRONIC INFLAMMATION OF BLADDER AND UTERUS, ETC.

It is particularly useful in Suppressed Menstruation, Hereditary Taints, Syphilis, and makes a number of long continued use of Calomel, Blue Mass, Corrosive Sublimate, Fowler's solution, Donovan's solution, and other preparations of mercury and arsenic.

DR. SAMUEL GILBERT'S TETTER OINTMENT.

Is a most excellent preparation for the cure of that class of maladies usually termed

DISEASES OF THE SKIN.

and which are popularly known as Chronic eruptions, Tetter, Pimples, Blisters, Scabs, Scald-Head, Milk-crust, Ring-worm, etc.

It will also kill itch and other local vermin which prey upon the skin. It softens and detaches the excrementitious matters deposited upon the skin; breaks the cracks, blisters, and pimples, and renders the cutaneous surface smooth and pliable. It has been used by Dr. Gilbert with most satisfactory results for many years. It is offered for sale, in this style, from the firm conviction that it must necessarily meet with the hearty approbation of those who make use of it.

Full directions for the method of using these remedies, a plain and accurate description of a number of the different varieties of skin diseases, and many valuable suggestions in regard to their cure, will be found printed on circular accompanying each box, and each package. These suggestions are the fruit of most ample experience acquired by Dr. Samuel Gilbert during his extraordinary professional career in the treatment of this class of diseases in the cities of Memphis, New Orleans and New York, and will, it is expected, enable most unprofessional persons to treat their own cases with much greater success than that which usually falls to the lot of ordinary physicians.

DR. SAMUEL GILBERT'S HEALING OINTMENT.

Possesses peculiar tonic and astringent qualities which cause it to be admirably adapted to the cure of

Various Kinds of Ulcers.

Especially those which are of an indolent nature, and which are usually "Old Sores." It is confidently believed to be much superior to any other preparation made for similar purposes.

Full directions for the method of applying it, a plain and accurate description of a number of the different varieties of Ulcer, and valuable directions in regard to their treatment, will be found printed on circular accompanying each box, which remarks, it is hoped, will enable most unprofessional persons to treat their own Ulcers with greater success than is usually experienced from the attention of ordinary physicians. SOMETHING NEW UNDER THE SUN.

A NEW ERA IN MEDICINE.

Let the Suffering and Diseased read the following.

Let all who have been given up by Doctors, and spoken of as incurable, read the following.

Let all who can believe facts, and can have faith in evidence, read the following.

KNOW ALL MEN BY THESE PRESENTS, That, on this, the Twentieth day of June, in the year of our Lord, One Thousand Eight Hundred and Sixty-six, personally came Joseph Magguel to me, known as such, and being duly sworn, deposed as follows: "That he is the sole general agent for the United States and dependencies thereof for preparations or medicines known as Dr. Magguel's Pills and Salve, and that the following certificates are verbatim copies to the best of his knowledge and belief."

JAMES SMETTRE, Notary Public, Wall Street, New York.

JUNE 1, 1866.
DR. MAGGUEL—I take my pen to write you of my great relief and that the awful pain in my side has left me at last—thanks to your medicine. Oh, Doctor, how thankful I am that I can get some sleep. I can never write it enough. I thank you again and again, and am sure that you are really the friend of all sufferers. I could not help writing to you, and hope you will not take it amiss. JAS. MYERS, 116 Avenue D.

This is to certify that I was discharged from the army with Chronic Diarrhoea, and have been cured by Dr. Magguel's Pills.

WILSON HARVEY, New York, April 7, 1866. 27 Pitt Street.

The following is an interesting case of a man employed in an Iron Foundry, who, in pouring melted iron into a flask that was damp and wet, caused an explosion. The melted iron was thrown around and on him in a perfect shower, and he was burnt dreadfully. The following certificate was given to me, by him, about eight weeks after the accident.

NEW YORK, Jan. 11, 1866.
My name is Jacob Hardy. I am an Iron Founder: I was badly burnt by hot iron in November last; my burns healed, but I had a running sore on my leg that would not heal; I tried Magguel's Salve, and it cured me in a few weeks. This is all true, and anybody can see me at Jackson's Iron Works, 2d Avenue.

J. HARDY, 119 Goerick Street.

Extracts from Various Letters.
"I had no appetite; Magguel's Pills gave me a hearty one."
"Your Pills are marvellous."
